A FEW WORDS ABOUT GRADING

Grading is an Art and NOT a Science. It is subjective in nature but is governed by standards and parameters garnered by our many years in business. It includes eye appeal among other things.

Adjectival vs. Numerical

Uncirculated or Brilliant Uncirculated = Mint State 60 to 62

Choice Uncirculated = Mint State 63

Very Choice Uncirculated = Mint State 64

Gem Uncirculated = Mint State 65

Superb Gem Uncirculated = Mint State 66 to 67

The same adjectives apply to Proofs

GORGEOUS 1795 FLOWING HAIR DOLLAR

94. SILVER DOLLAR. 1795. Flowing Hair Type. 3 Leaves Below Each Wing. Bolender 5. An exquisitely struck specimen with each and every strand of hair on Miss Liberty's head sharp and bold. Every star exhibits full and complete radials that come to a distinct point.

On the reverse, every feather on the Eagle's body is delineated, with the exception of a few on his breast where some extremely faint adjustment marks can be found. The coin displays an abundance of original luster under some light golden gray toning that was acquired over many years of residing undisturbed in its old-time holder.

There is a minor discoloration caused by a planchet lamination between stars 3 and 4, as well as a couple of minute marks on the reverse that pale in importance to the overall effect this specimen has on the viewer. We feel compelled to say, without hesitation, that this piece easily ranks among the **FINEST KNOWN**, and we fully expect it to bring a runaway price. Definitely the highlight of this sale!

Difficult to estimate, but certainly worth in excess of our conservative estimate. **PHOTO** (Also see Color Photo on front cover)

(100,000.00 up)

Very Fine plus and probably worth more than our estimate. **PHOTO** (1,500.00)
96. \$1.00 1844. Liberty Seated Type. No Motto. Almost Uncirculated (700.00)
97. TRADE DOLLAR. 1874-S. Brilliant Uncirculated with some very light obverse marks that preclude a higher grade. Full cartwheel luster. **PHOTO** (450.00)

“SPECIAL STRIKE” COMMEMORATIVE HALF

131. FORT VANCOUVER 1925 (S). Struck at the San Francisco Mint but without the mint mark. From an old time collection that was put away many decades ago. While we are hesitant to call this a Proof (Breen states that he had seen one Matte Proof with 2 others reported) the surfaces exhibit a quality unlike any other we have ever encountered on this particular commemorative. The strike is sharp and crisp and the fields show no marks to speak of even under high magnification. The evenness of the luster is also noteworthy and the coin is fully white in appearance. At the very least this could be some sort of “special striking” that deserves very close inspection by bidders and commemorative specialists alike. **PHOTO** (- - -)

THREE RARE GOLD ERRORS

155.	\$20.00 1903-S. Liberty Head Type. A tiny planchet lamination (and possible strike-through?) appears at the top of Liberty's coronet. There are also indications of having been struck through small pieces of thread or fabric in the same area surrounding the major indentation. While this TYPE of error is considered a relatively minor one, ANY ERROR appearing on a gold coin is a Rare occurrence, indeed, due to the extra scrutiny that was given to gold coins during the post-striking inspection process. Brilliant Uncirculated	(500.00 up)
156.	\$20.00 1907. Liberty Head Type. Struck through a piece of foreign matter which left an indentation on the reverse through the second A in AMERICA. A nice Brilliant Uncirculated example	(500.00 up)
157.	\$20.00 1908. St. Gaudens Type, No Motto. A long struck-through area on the reverse which at first glance appears to be a scratch. Close inspection, however, clearly shows it to be caused by a piece of foreign matter which adhered to the reverse die, then fell away after the coin was struck leaving an indented line. Very Scarce. Almost Uncirculated	(500.00 up)

VERY ATTRACTIVE SMALL CENT COLLECTION

158.	FLYING EAGLE CENT. 1856. The unrivaled "King of Small Cents," and key to the series. Looked upon for many years as strictly a pattern issue, the mintage (estimated variously at between 634+ by Breen and 1500 in the <i>Red Book</i>) and the fact that many survivors are found in worn condition (as were a quantity in the George W. Rice / John A. Beck hoard, the former containing a reported 756 specimens) may tend to indicate that several found their way into circulation. In any case, very popular and highly sought by collectors. Pleasing Extremely Fine to Almost Uncirculated. PHOTO	(6,000.00)

U.S. PATTERN PIECES

373. ONE CENT. 1855. Judd 170. Experimental piece most likely struck in an alloy of 80% copper, 20% nickel. Plain edge, R-6. 110.80 grains. Obverse: Large Flying Eagle surrounded by 13 stars; Reverse: ONE CENT in thick laurel wreath. Proof, but a trifle weakly struck because of the nickel alloy. The smoothed area on the obverse above the eagle's wings was no doubt an attempt to efface a Roman Numeral that was placed there to number one of the Scarce 8-piece sets that were distributed to demonstrate the various alloys. *PHOTO* (1,000.00)
374. ONE CENT. 1855. Judd 172 (?). Copper, plain edge. 89.66 grains. Similar to above but with smaller, thinner wreath. Struck as Proof, probably polished. (800.00)
375. ONE CENT. 1855. Judd 172 (?). Copper (plated?). 93.52 grains. Same design as above. Proof (650.00)
376. ONE CENT. 1858. Judd 204. Copper-Nickel, plain edge, R-5. Obverse: Small Flying Eagle unlike regular issue design; Reverse: ONE CENT surrounded by oak wreath (similar to 1860 regular design) with small ornamental shield at top. In an ANACS holder graded NET PROOF 50 due to some surface corrosion (750.00)
377. TRADE DOLLAR. 1873. Judd 1281. Silver, reeded edge, R-5. Obverse: Bailly design. Head of Liberty crowned with leaves, hair braided and coiled behind; Reverse: Eagle with spread wings, his left talon supports a shield. This is Barber's design which also appears on the reverse of the 1872 Amazonian patterns. Proof with some light hairlines and multi-colored iridescent toning. A trifle weakly struck on the eagle and shield. *PHOTO* (2,000.00)

COLONIAL COINS

378. LONDON ELEPHANT TOKEN. n.d. (1694). Halfpenny. GOD PRESERVE LONDON, thin planchet. Fine or better but lower left obverse and corresponding area on reverse quite weakly struck (600.00)
379. NEW JERSEY COPPER. 1786. Narrow shield, straight plow beam. PCGS Very Fine 25 (500.00)

VARIOUS UNITED STATES COINS

380. LARGE CENT. 1804. Unofficial restrike of 1860. The obverse was manufactured from an altered 1803 die, while a die of 1820 was used for the reverse. Since the obverse shows major cracks and pits from the die being rusted, this piece is easily distinguishable from the original. A popular collector's piece nonetheless. Glossy Almost Uncirculated. *PHOTO* (400.00)
381. 1¢ 1820. One of the Randall Hoard pieces with the circular die break connecting the stars and date on the obverse. Original mint red appears around the devices on the obverse, while the reverse is glossy brown with a small patch of some darkness. Choice Uncirculated (650.00)
382. LARGE CENT. 1857. Large Date. Choice Uncirculated with glossy brown surfaces. Scarce and popular as this is the last year of issue for the "big pennies" (350.00)

383. FLYING EAGLE CENT. 1858/7. Large Letters (as are all for this variety). Although the 7 is not visible, the diagnostic weak wing tip between the F and A is quite apparent. Should be closely examined by prospective bidders. Very Fine (50.00)
384. INDIAN HEAD CENT. 1909. Gem Brilliant Uncirculated, a fiery orange color (150.00)
385. THREE CENT NICKEL PIECE. 1870. ANACS graded Proof 63 with some pale golden toning (250.00)
386. SHIELD NICKEL. 1867. With Rays on the Reverse. This coin exhibits all the characteristics for a Proof striking as spelled out by Breen in his *Encyclopedia of U.S. and Colonial Coins*. Some of these include die polish at the lower ends of the white stripes of the shield; ray below T(ES) on reverse weak; and dentils from 2:30 to 5 o'clock attenuated. The coin has been cleaned leaving numerous hairlines, but the proof-like surface is fully intact. This piece should be closely examined by potential bidders in order that they make their own determinations concerning the striking status of this specimen. As a Proof, less than 20 pieces have been reported. **PHOTO** (- - -)
387. DIME. 1886. Liberty Seated Type. Frosty Gem Brilliant Uncirculated. **PHOTO** (600.00)
388. TWENTY CENT PIECE. 1875. Brilliant Proof with some light hairlines and cloudy toning (950.00)
389. QUARTER DOLLAR. 1890. Liberty Seated Type. With Motto. Proof, very nearly of Gem quality, mottled toning (850.00)
390. 25¢ 1932-D. Washington Type. Very Choice Brilliant Uncirculated, well struck and with exceptionally clean fields. **PHOTO** (2,000.00)
391. HALF DOLLAR. 1806. Draped Bust Type, Heraldic Eagle Reverse. Pointed 6. Almost Uncirculated with a couple of light scratches in the field behind the hair ribbon. They do not noticeably detract from the overall appearance of this early piece. **PHOTO** (1,500.00)
392. 50¢ 1819/8. Capped Bust Type. Small 9 over 8. Gray toned Almost Uncirculated, pock mark in right obverse field (200.00)
393. 50¢ 1914. Liberty Head or Barber Type. Cleaned Proof, a difficult date (500.00)
394. 50¢ 1936-D. Walking Liberty Type. Brilliant Uncirculated, very nearly of Gem quality. Attractive (150.00)
395. SILVER DOLLAR. 1795. Flowing Hair Type, 3 Leaves Under Each Wing. Very Fine with some old reverse scratches (1,750.00)
396. \$1.00 1799. Draped Bust Type, Heraldic Eagle Reverse. Extremely Fine detail but a couple of areas on the obverse have been smoothed to obliterate marks (1,450.00)
